---

At the November 2014 AQA Meeting a motion was passed to give credit for all prior years of membership, even if that membership has been non-continuous. The new AQA Constitution enables this change to be made. It is in recognition of the variety of lives that our members experience. Should you be a member who has had membership that lapsed and then later rejoined please give dates to enable us to check, confirm and update the AQA records. All periods of membership are important to our association.

Prior Membership: \_\_\_\_\_ to \_\_\_\_\_ (Approximate years are acceptable to check records)
